

Keep the momentum going!

We are excited that Texans for Fiscal Responsibility, the Empower Texans PAC, endorsed our campaign for House District 65!

**"We're pleased to stand alongside Mike Murphy as he seeks to bring commonsense solutions to the practical issues facing Texans," said Michael Quinn Sullivan, president of Empower Texans and treasurer of the PAC. "In uncertain economic times, Texans are demanding policy leaders who are committed to wisely stewarding the taxpayers' resources to the benefit of all Texans."**

I am no stranger to being an underdog. We've built a team from the bottom up, but it's rewarding to know our hard work is paying off to get the support and endorsement of a conservative and well-respected group like Texans for Fiscal Responsibility.

Thank you,

Mike
